## **Service Line Card**

### ***Calibration Services:***

**Certificate of Approval for Flow/Pressure Meters and Quality Monitors  
MISA Compliance Calibration**

### **In-situ Performance Evaluation and Calibration Programs**

- Velocity Profiling
- Comparative Analysis
- Stage-discharge Curve
- Dye-dilution Studies
- Proofing Meter

### **Flow Meter Audits**

- Inventory Asset Management
- System Audit
- Uncertainty Analysis

### ***Engineering Support Services:***

#### **Waste Water Services**

- Capacity Studies
- Inflow/infiltration Studies
- Pump Flow Curve Development
- Flow Structure Calibration
- CSO/SSO Monitoring
- Permanent Design, Build, Monitoring Panels
- Confined Space Entry Safety & Infrastructure Assessment

#### **Water Services**

- Fire Flow Testing
- Hazen-Williams 'c' factor Testing
- Pressure/Flow Studies
- Building Water Accountability Studies
- Water Efficiency Studies
- Leak Detection and Non -Revenue Water Reduction Strategies
- Confined Space Entry Safety & Infrastructure Assessment

**“IF WE DON’T MEASURE IT, HOW DO YOU MANAGE IT?”**
